CORSAIR Crystal 570X RGB Tempered Glass, Premium ATX Mid Tower Case

Overview

100 Word Product Description, Preferred Copy

With immaculate tempered glass enclosing the entire chassis, every component of your build is on display for all to see. The CORSAIR Crystal Series 570X provides enough space for virtually every size radiator and support for up to six case fans. With the three included SP120 RGB LED fans and built-in LED controller, you can liven up your build with brilliant lighting effects. Cable management is made simple with built-in cable routing channels and included velcro cable straps, ensuring that only your components are seen through the floating glass.

Overview

25 Word Product Description

With immaculate tempered glass enclosing the entire chassis and stunning RGB lighting, every component of your build is on display for all to see.

Features

Style 1

- Four tempered glass panels on the front, top, and sides of the case
- Three included SP120 RGB LED fans and integrated RGB controller
- Room for up to six case fans, and compatible with 360mm, 280mm, 240mm, and 120mm radiators
- Removable fan trays in the front and top of the chassis
- Cable routing channels with included velcro cable straps for clean cable management
- Easy-access high-speed USB 3.0 front panel
- Bright white LED backlit CORSAIR logo on front panel and PSU cover (removable)

Style 2

- **Tempered glass panels on the front, top, and sides of the case:** Possibly the most beautiful case CORSAIR has ever made. With tempered glass enclosing the entire chassis, every component of your build is on display for all to see.
- **Direct airflow path to keep your CPU and GPU running cooler:** Three included SP120 RGB LED fans and included LED controller keeps your components running cool. Each SP120 RGB LED fan is equipped with vivid, customizable LED lights, enabling even further personalization for your build.
- **Room for virtually anything:** Room for up to six case fans, and fully compatible with 360mm, 280mm, 240mm, and 120mm radiators. Removable fan trays in the front and top of the chassis allows for additional space or mounting cooling outside of the chassis.
- **Cable management made simple:** Cable routing channels with included velcro cable straps for clean cable management.
