Overview

25 Word Product Description

The CORSAIR Obsidian Series 1000D is the ultimate super-tower PC case with iconic tempered glass design, smart lighting and fan control and the ability to house two systems simultaneously for the most epic builds.

Overview

50 Word Product Description

The CORSAIR Obsidian Series 1000D is the ultimate super-tower PC case with iconic tempered glass design and smart lighting and fan control. Hinged tempered glass and aluminum doors make accessing your system a breeze, while a dual-system layout lets you install two full PCs into a single case. When you want to create the most epic build, only the 1000D is up to the challenge.

Overview

100 Word Product Description

The CORSAIR Obsidian Series 1000D is the ultimate super-tower PC case, able to house the most incredible PCs within its iconic tempered glass design. Hinged tempered glass and aluminum doors make accessing your system a breeze, while a dual-system layout lets you install two full PCs into a single case. An integrated CORSAIR COMMANDER PRO lighting and fan controller makes your case smart, able to control and monitor your system using CORSAIR LINK software. Telescoping fan and radiator trays, up to 13 fan mounts and a triple-chamber design equip the 1000D for the most ambitious of cooling setups, able to mount four radiators simultaneously. When you want to create the most epic build, only the 1000D is up to the challenge.

Features and Benefits

Style 1

- The ultimate super-tower PC case, able to house the most incredible custom PCs.
- Iconic and clean exterior lines, smoked tempered glass side doors and seamlessly integrated RGB lighting.
- Integrated CORSAIR COMMANDER PRO fan and lighting controller.
- Dual-system layout lets you install both an E-ATX and Mini-ITX system simultaneously.
- Telescoping fan/radiator trays make it simple to install up to 13 fans.
- Triple chamber design with French-door-style rear storage compartment makes clean and neat builds easy.
- Future-proof front I/O with two USB 3.1 Gen-2 Type-C ports and integrated RGB lighting.
- Room for up to five 3.5in HDDs and eight 2.5in SSDs, placed in their own dedicated compartment.

Style 2

- **The Ultimate Super-Tower PC Case:** The largest, most feature-rich case CORSAIR has ever built, able to house the most incredible custom PCs.
- **Obsidian Style:** Iconic and clean exterior lines, smoked tempered glass side doors and seamlessly integrated RGB lighting make the Obsidian 1000D the best-looking Obsidian Series case yet.
- **Built-in Smart Lighting and Fan Control:** An integrated CORSAIR COMMANDER PRO fan and lighting controller grants superior control over almost every aspect of your system via CORSAIR LINK.
- **Dual-System Layout:** Room for both a complete E-ATX and Mini-ITX system simultaneously: Two motherboards, two power supplies, two full PCs in one case. Stream and game smoothly from one system, or combine your main PC and file server into one system.
- **Telescoping Radiator Trays:** Install fans and radiators effortlessly with smooth, tool-less modular radiator mounting trays.
- **Massive Cooling Options:** Up to 13 fan slots and room for up to four radiators simultaneously.
- **Triple-Chamber Design:** Keeping the inside of the 1000D clean is effortless with the included French-door-style rear storage compartment, E-ATX motherboard island and dual-purpose Mini-ITX motherboard tray and PSU cover.
- **Future-proof Front Panel:** An RGB LED lit front panel includes two USB 3.1 Gen-2 Type-C alongside USB 3.0, for future-proof and backwards compatible connections.
- **Massive Storage Options:** Room for up to five 3.5in HDDs and eight 2.5in SSDs, placed in their own dedicated compartment.
- **Build it Your Way:** A rotatable GPU bracket for standard or vertical GPU mounting and a wealth of pump and reservoir fit points throughout the case, make the 1000D the most flexible and modular CORSAIR case ever.
