PRODUCT DESCRIPTION

LONG:

A studio-grade boom arm for your premium microphone, Wave Mic Arm offers extreme vertical reach to overcome large monitors and full adjustability for precise microphone positioning. Internals springs and integrated cable channels with removable covers keep your setup clean and accessible, while thread adapters ensure compatibility with standard mic mounts. The padded clamp fits most desk designs, and a detachable riser adds extra height to reach more places. Wave Mic Arm sets the benchmark for what mic arms should be — streamlined, functional, and highly adaptable. Just add your mic and get talking.

MEDIUM:

A studio-grade boom arm for your premium microphone, Wave Mic Arm offers extreme vertical reach to overcome large monitors and full adjustability for precise microphone positioning. Internals springs and integrated cable channels with removable covers keep your setup tidy and accessible, while thread adapters ensure compatibility with standard mic mounts.

SHORT:

A studio-grade boom arm for your premium microphone, Wave Mic Arm offers extra reach, full adjustability, integrated cable channels and compatibility with standard mic mounts.

WAVE MIC ARM

SUSPENSION BOOM ARM
