PRODUCT DESCRIPTION

LONG:

Facecam packs a pro-grade lens with a cutting-edge image sensor. High-speed circuitry that outputs uncompressed 1080p60 video without artifacts. App control and onboard memory to recall image settings on all your computers. Up to 82 degree field of view lets you frame your face or reveal your surroundings, while a fixed focus range ensures that you always stay in crystal-clear focus. Optimized for indoor use, a premium SONY® STARVIS™ CMOS sensor enables Facecam to capture extraordinary detail and minimal noise. So you'll look amazing on Twitch, YouTube, Zoom, everywhere online — in all lighting conditions.

MEDIUM:

A pro-grade lens with a cutting-edge image sensor. High-speed circuitry that outputs uncompressed 1080p60 video without artifacts. App control and onboard camera memory to recall image settings on all your computers. Introducing Facecam — professional optics in a webcam form factor. Engineered to make you look amazing.

SHORT:

Introducing Facecam — professional optics in a webcam form factor. Perfectly engineered to make you look amazing.

FACECAM
