

G815 LIGHTSPEED

RGB Mechanical Gaming Keyboard - GL Tactile

A NEW CLASS OF MECHANICAL GAMING KEYBOARD

G815 packs advanced gaming technologies into an ultra-thin and sophisticated design. Fully customisable per key LIGHTSYNC RGB technology also reacts to in-game action, audio and screen colour as you choose. With a sleek, impossibly thin yet durable and sturdy design, G815 features high-performance low-profile GL switches available in Clicky, Tactile or Linear versions. Programmable G-keys let you create and execute complex actions simply and intuitively, while the volume wheel and media keys give you fast, easy control over video, audio and streaming. G815 also features a USB passthrough to quickly plug in a flash drive or another device to charge.
