Product characteristics	It's the mounting point for your gear shifter or handbrake It's compatible with all gear shifters and handbrakes on the market It provides the real-race cockpit feeling you need It's fully adjustable It's got a sturdy and stable frame It's easy to mount It includes all the screws you'll need to mount it It works with the Playseat® Sensation PRO
Does sim racing get your blood pumping? Go with that feeling. Extend your cockpit with our Playseat® Sensation PRO - Sim Platform. Go left. Go right. You can't go wrong. Your handbrake is right where a winner would want it.	
If speed's your sixth sense	For even more real-race vibes, we dare you to max out your Sensation PRO so it's much more like rally or GT car. If you're up for it, then consider the Playseat® Sensation PRO - Sim platform. With it, you can mount a gear shifter or handbrake at your perfect height. Place it left or right and it's the exact right time to take on any challenge. You're ready. You're in full-flow in a super sturdy and stable cockpit. The rest is up to you. Go for the win.
It's fully adjustable and compatible	Lucky for you, it's easy to create your ideal racing experience. That's because our Playseat® Sensation PRO - Sim Platform is fully adjustable. Mount your gear shifter or handbrake wherever's best to keep you in the zone. We provide you with the mounting plate. The rest is up to you. Of course, the platform's compatible with all gear shifters and handbrakes on the market (Logitech, Thrustmaster, Fanatec etc.) and with any kind of setup.
Note	Lefty or righty? Decide now please. Why? The Playseat® Sensation PRO - Sim Platform RIGHT can only be mounted on the RIGHT side of your Sensation PRO. LEFT on LEFT. You get the drill. Both platforms are sold separately.
